

PROFESSIONAL DIPLOMA IN SKIN CARE SPECIALIST

Skin Care Diploma is a program perfect for those seeking to become licensed skin care specialists. Throughout this comprehensive Skin Care Diploma Programme, students will learn everything they need to know to perform skin care procedures on both the face and body, including facial technique, eyebrow and eyelash care, waxing, and other esthetic procedures.

Skin Care Diploma is an educational program to help you become a licensed professional esthetician. Our program will equip you with the knowledge and skills to perform non-invasive skin care treatments of the highest quality using scientifically-based techniques.

Our Skin Care Diploma course covers a wide range of topics, including the structure and function of the skin, the recognition of lesions and diseases, and techniques for treating common skin conditions such as oiliness, dryness, acne, discoloration, and scarring. You'll also gain valuable experience in cosmetic treatments such as makeup application, color analysis, ear piercing, lash and brow tinting, and eyelash care, including the application of strip lashes, individual lashes, semi-permanent lashes, and more.

The Skin Care Diploma Program is a comprehensive program that combines academic and practical aspects to become skincare students in professional estheticians with high standards to perform skin care procedures of different types to keep the skin clean and radiant.
